

# Are you happy with your business?

As a business owner, you are busy. We get that. But sometimes it is great to take a breath and evaluate just how well you are travelling. Take a few minutes to think about your business and answer the following questions.

Be honest, answer them from the heart. Only you know the answers.

Some things to think about	Yes	No
Do you remember why you started your business? Is your business still focused on that original vision?		
Are you excited when you wake up to go and work in your business each day?		
Does your business allow you to take home the money you want to take home?		
Do you sleep well at night?		
Do you consider yourself to have a good balance of work and life?		
Do you have a picture of where you want your business to be – in 3-5 years' time? Are you on track to meeting that vision?		
Is your time spent mainly on doing those things that make you money?		
Do you consider yourself to have a good balance of work and life?		
Do you regularly take time to plan the future of your business?		
Do you work with someone who can help you realise the future of your business?		
Is your business growing at the rate you expect?		
Are you happy with the way your business operates?		
Can your business operate without you?		

Did you answer NO to any of these questions?

Perhaps it is time to talk to someone who can provide a different perspective to your business growth opportunities.
